Attention of Mr. Hilborn.

Dear Sir:-

The chemical service hat cord and the cap device for the U. S. Marine Corps both arrived safely, and I thank you very much for them. They fill in a lack in our exhibit as you know.

When I was talking with you the other evening you mentioned a hat cord to be adopted by the Public Health Service. Could we get one of these?

Thanking you very much for your courtesy,

Yours very truly,

Ass't to the Curator.

Dear Sir:-

May I again take advantage of your generous offer and ask you if you can supply our exhibition with the new Motor Transport Corps hat cord. Our information from the Quartermaster General's Office is that this is purple. I presume you have already received this information yourself.

Thanking you for your kindness, I am,

Sincerely yours,

Ass't to the Curator.
